# SOLUTIONS FOR CONSTRUCTION

## COMMERCIAL CONSTRUCTION IS OUR TOP INDUSTRY SERVED AT BOX.

Whether it is complex contractual risk compliance or helping you develop an effective safety program that drives real change in your business, Box stands ready to build a wall of protection around your firm.

### CLIENT TESTIMONIAL

"We wanted a firm that specializes in insuring construction companies like us and has decades of history doing it. We have put way too much of our lives into this business to have some generalist overseeing our risk. Box does this while managing our insurance cost effectively."

## BOX SERVICES

### BOX GETS YOU ON THE JOB

**Contract Review:** Our team has reviewed thousands of construction contracts and we are experts in designing insurance programs which comply with almost all contractor requirements. We will also work directly with the risk manager for the project owner to resolve all insurance differences.

**Subcontractor Insurance Review:** If you are working with subcontractors, then it is critical that there is a compliance review on their insurance to both protect your company and to avoid breach of the prime contract. With over 300 different types of additional insured forms on the market, you need an expert completing that review on your behalf. Box has a decades old process to green light red light subcontractors on your job for insurance compliance.

**EMR Management:** Construction companies are judged based on their experience modifiers. At Box, we are experts at reviewing modifiers for errors and helping you manage your EMR to maximize contract opportunities.

---

### EFFICIENT SERVICE

**Certificates of Insurance Online:** You can issue certificates of insurance 24/7 on our easy to use web platform.

**Manage Audit Risk:** Many of our carriers are able to offer monthly reporting of payrolls to determine both your General Liability & Workers Compensation Premium creating a monthly premium that is based on how much business you do and reducing the chances of a an unpleasant audit at policy end.

**Surety Services:** Box has a dedicated construction bonding team with decades of experience managing your bonding capacity.

Schedule your complimentary discovery meeting with a Box Insurance Agent today by visiting us at [www.boxinsurance.com](http://www.boxinsurance.com).
